Shekel Presents
Legal Security for Trade

SHEKEL

Shekel has dominated the global self-checkout security solutions market for over 50 years, setting the standard with its field-proven Legal for Trade weighing technology. Now, with the addition of a cutting-edge AI-powered shrinkage prevention layer, we take our trusted solutions to the next level, ensuring seamless, secure, and efficient self-shopping experiences like never before. We call it Legal Security for Trade to secure all available self-shopping check-out alternatives.

Come and test us!

Our product lines:

INNOVENDI ELITE

Buy any product, anywhere, anytime with Shekel's groundbreaking technology for vending and unattended retail. Available as a Plug & Play device or a kit for your fridge, it offers an unmatched shopping experience, effortless operation, and zero maintenance. Probably the smartest cooler operators may find.

CART SCALE-UP KIT

Shekel's Scale-Up kit transforms (almost) any regular shopping cart to a self-checkout station on wheels! Featuring a certified Legal for Trade scale with a capacity of up to 50kg and advanced AI-powered shrinkage control, this kit is arguably the most cost-effective self-checkout solution retailers may find.

SCALE – UP CHECKOUT

Self-Checkout requires combined speed, convenience, and security, allowing customers to shop easily while giving retailers confidence in every transaction. We have done it best for decades, and now we can do it even better!! Discover how Shekel's Legal Security 4 Trade enhances your checkout experience today.

SENTINEL

Transforms almost any retail shelving into a secure self-shopping solution. Control shrinkage, protect scan-and-go zones, and minimize out-of-shelf losses—all without replacing existing shelves. A non-intrusive, robust security layer that finally makes self-shopping stores profitable.

Key Benefits:

+ Enhanced Security & Loss Prevention: Shekel solutions provide real-time monitoring, reducing the risk of shrinkage and theft. By combining weight-based item tracking with AI security, retailers gain a comprehensive, reliable way to manage and protect inventory.

+ Efficient Inventory Management: Shekel's provides real-time inventory data, enabling accurate tracking and restocking. Reduce costs associated with overstocking and stockouts while ensuring that shelves are always stocked with the right products.

+ Extended Reach & Revenue Channels: Shekel allows retailers to reach customers 24/7 with autonomous vending in high-traffic or remote locations. This opens new revenue streams and meets customer demand for quick and convenient product access.

+ Seamless Integration & Flexibility: Shekel's solutions are designed to fit effortlessly into existing store layouts. Retailers benefit from plug-and-play technology that scales with their business.

INNOVENDI ELITE

Innovendi Elite: Probably the Smartest Cooler
The Innovendi Elite by Shekel offers a secure, Weight AI-powered solution for unattended shopping designed to meet modern demands. Its cutting-edge weight-sensing technology facilitates the sale of fresh and healthy products, enhancing customer convenience while safeguarding retailer revenues.

+ 24/7 Availability: Buy any product, anytime, anywhere. Add fresh products to your menu.

+ See before Buy: See the product, buy it if you like - or easily return.

+ Enhanced Security: E-locked & Sensitive, Innovendi Elite is a highly secured Micro Market.

+ Top Accuracy: ensures precise transaction data that gets better over time.

+ Real-Time Shopping Basket: see your bill per event, shop with confidence (single item transaction).

CART SCALE-UP KIT

Shekel Smart Cart Kit: Transforms regular shopping carts into a powerful self-checkout on wheels
The Shekel Smart Cart Kit revolutionizes the self-shopping experience with Legal for Trade weight tracking of up to 50 kg and advanced security features. When paired with a scan-and-go or camera-based Smart Cart application, it creates a cost-effective self-checkout solution that boosts customer convenience and retailer confidence, ensuring a seamless and enjoyable shopping journey.

+ A pre-calibrated kit to transform regular shopping carts into a powerful Smart Cart.

+ Increased Security: WeightAI-based tracking minimizes theft.

+ Real-Time Data: Shoppers always see bill status for enhanced confidence.

+ Operational Efficiency: Legal 4 Trade weighing eliminates queuing in departmental scales.

+ Line-Free Shopping: Smart carts eliminate traditional checkouts.

SCALE-UP CHECKOUT

Self-Checkout Kit: for Fast, Secure, and Customer-Centric Checkout Solution
The Shekel's Self-Checkout Kit delivers a fast, secure, and user-friendly shopping experience. With the industry's fastest stabilization time for Legal Trade weighing platforms and exceptional security scale performance, Shekel has been a leading force in the self-checkout weighing solutions market for decades.

+ **Enhanced Security:** Weight AI technology ensures always accurate transaction verification.
+ **Real-Time Response:** Less than 0.5 second stabilization time allows fast SCO experience.
+ **Scalable Design:** Fits seamlessly into various retail formats and store sizes.
+ **Quick & Convenient:** Minimizes wait times for a faster shopping experience.

SENTINEL

Enhanced Security and Inventory Management Add-on for Standard Retail Shelves
Shekel's Sentinel is a cutting-edge retail security add-on designed for existing grocery shelf arrays. Powered by WeightAI technology, Sentinel translates on-shelf events into SKU validation or recognition based on specific use-case needs. Sentinel helps reduce shrinkage, maintain on-shelf availability, and foster a secure, customer-friendly shopping environment for shoppers and retailers.

+ **Enhanced Theft Prevention:** Real-time weight tracking minimizes shrinkage and flags suspicious activity.
+ **Accurate Inventory:** Live data optimizes stock management and restocking efficiency.
+ **Scalable Design:** Fits seamlessly into both small and large retail spaces.
+ **Cost-Saving Innovative Technology:** The most cost-effective way to monitor store's shelf events.
+ **High Capacity & Precision:** Handles up to 400 kg with 20g SKU accuracy.
+ **Rapid Detection:** Detects shelf events in under 0.5 seconds.

SHEKEL

Why Shekel?

01 / Expertise:

Shekel's decades of experience in weighing technology for retail mean that every solution is built for accuracy, durability, and ease of use. World-leading retailers and partners acknowledge Shekel's expertise and trust us to provide smooth, cost-effective solutions.

02 / Innovation:

Shekel develops advanced technologies for modern retail needs. Addressing the real grocery concerns of increasing shrinkage, labor shortage, and growing online retail, we add machine learning & AI capabilities to enable and secure self-shopping trends, give retailers an edge in a competitive market, and support operational excellence and optimized self-checkout experiences.

03 / Aliances:

Shekel's DNA is to collaborate with its partners to create perfect solutions. We focus on our strengths, offering our products, kits, modules, and technologies to solution providers who need them. Our expertise is acknowledged and endorsed by the world's leading retail solution providers, and Shekel's technology is often the default choice for several self-shopping and self-checkout solutions providers.

04 / Scalability & Simplicity:

The secret sauce of superior technology is its simplicity and ability to scale up infinitely. These are the guidelines for every product and technology we release to the market. This requires perfect planning and manufacturing of bulletproof deliverables, clear use case definitions, proper training, and ongoing support.
